

Gifts in Kind Partnership Opportunities

At DuPage Habitat for Humanity, we share a vision of a world where everyone has a decent place to live. Unfortunately, this vision is far from the reality, even here in DuPage County. The median income in DuPage County is around \$77,000 annually while the median home cost is over \$241,000. This disparity between income and housing costs has resulted in many local families having to make the difficult choice between crowding into inadequate housing or paying too much of their income for basic shelter.

We strive to solve the affordable housing problem by bringing people together to build homes community, and hope. We need your help to accomplish this! Since 1995, we have served over 100 families in need right here in DuPage County, but our work is just getting started. We need more hands, more materials, and more support in order to solve the affordable housing crisis in our community.

Your tax deductible in-kind donation helps offset our costs and allows us to put more funding towards serving more hard-working families. Donate today to help bring strength, stability and self-reliance to families in need of a decent place to live. Thank you in advance for your consideration.

Looking Forward to Our Partnership,

Construction Needs: We build with volunteers four days a week (Tues/Thurs/Fri/Sat) from 7:30am-3:30pm. Our affiliate will provide all of the materials, tools, and instructions that our volunteers need to be productive and successful on the build site. Our construction includes not only new homes and rehab projects, but also targeted support for low to moderate income homeowners in need of critical home repair. Have unwanted equipment or inventory? Let us help you put those items to good use!
