 - You will be wearing a full-body industrial harness and using an industrial descender to rappel down the building. Squeezing a handle will make you go down, letting go or pulling back will make you stop. You will be able to control your own speed, but no worries there is a back-up device that will engage.
 - It will take each Edger about 5 – 10 minutes to get to the bottom of the building.
 - You will be walking down the side of a building, so wear good shoes
 - There will be NO flip flops, slip on shoes, slippers or high heels worn
 - Long pants and long sleeves are recommended.
 - Long hair should be pulled back
 - No Cameras or personal cell phones are allowed on the roof.
- **Spectators and Friends:**
 - Unfortunately friends and family will not be allowed up to the rooftop, however they are welcome to watch you from the top of the parking deck at 425 N. Martingale Road. We will be hosting a rooftop party complete with a DJ and Food!
